TOGETHER WE RISE

CAMP 1: RISE WORLD CUP

It's a World Cup year and every player dreams of playing in a World Cup. You can start your summer by winning the Rise World Cup! Your country specific team will have to get through a few tough small sided games to advance to the knockout rounds. This specific camp will start with speed, agility and coordination exercises. Camp 1 will focus on game preparation, individual ball mastery and possession techniques.

CAMP 2: RISE WORLD CUP FINALS

Interval training that emphasizes a mixture of muscle conditioning and high energy cardio movements kicks off this camp. After everyone is warmed up, the knockout stages of the Rise World Cup begin to determine who will win it all. Camp 2 will focus on the mental aspects of the game such as: defining individual and team goals, competing with spirit and integrity, and dealing with disappointment and success.

CAMP 3: TIKI TAKA

Tiki Taka is a style of play popularized by FC Barcelona that prioritizes possession of the ball by having players moving fluidly into spaces to receive and make short accurate passes. Our very own Natalia Astrain, who coached at both FC Barcelona and Atletico Madrid will introduce a series of Tiki Taka activities that are true and tested. Camp 3 will focus on ball mastery, passing receiving and movement off the ball.

CAMP 4: YOU AGAINST ME*

Can you beat the defender in front of you? Can you shut down a striker? Can you beat a goalkeeper on a breakaway? Can you capitalize on penalty kicks? At the You Against Me camp we are going to find out. Our coaches will be there to encourage you to master your moves and teach you some new moves. Camp 4 is about building confidence. We want our players to be confident in their abilities and secure in their decision making.

CAMP 5: CHIPS, BENDS & DRIVES

We want to teach our players to be comfortable dealing with balls out of the air. It is also critical that players have the ability to make a variety of passes and shots. Can you chip a ball over the back line or bring a ball out of the air down to your feet quickly using your thighs, feet or chest? Camp 5 will focus on delivering and receiving balls out of the air.

CAMP 6: 100 GOALS!*

There isn't a better feeling than scoring a goal! Guess how many goals everyone will have the opportunity to score at this camp? That's right, we are going to work on putting the ball in the back of the net in Camp 6. Tap ins, set pieces, crosses, shots from distance. Goal celebrations encouraged! Goalkeepers may have something to say about this!
